

Cycle 2 Tectonic Hazards

Subject:
Geography

Year 9

Name _____

Teacher _____

Homework Number		
Homework 1 – Journey to the centre of the earth	Set week 1	Due date -
Homework 2 – Earthquake fact file	Set week 3	Due date -
Homework 3 – Keyword task	Set week 5	Due date -

Expectations

- Complete 3 homework tasks per cycle (or the equivalent time if doing a longer project).
- Complete 1 week of revision based homework per cycle ready for week 8.
- Your homework will be marked by a mix of peer, self and teacher assessment.

Rationale for home work this term:

- To consolidate in class learning
- To secure your knowledge of key topics
- To practice skills related to your assessment

Homework No 2 – Earthquake Fact-file

Due date -

Create a fact sheet about a famous earthquake in the world.

Your research needs to be colourful, well presented and informative in a structured layout by hand or on computer.

It must contain the following:

- Facts about magnitude, plate boundary, location, casualties, injuries, homelessness.
- Social, economic, environmental short-term and long-term impacts

It should contain:

- A map of where the earthquake took place
- Images of the earthquake with captions

Examples:

- Nepal 2015
- Indian Ocean 2004
- Japan 2011

It could contain:

- How the country should try and prevent future earthquakes (building design), education schemes, “drop, cover, hold”

Homework No 3 – Key Words

Due date -

Complete the table to show the key words and their definitions. Finish off with colour and illustrations. If you do not know all the key words and their definitions you will need to research these yourself.

Key word	Definition	Picture to represent the word
Crust		
Ring of Fire		
Epicentre		
Mantle		
Lava		

Volcano		
Earthquake		
Seismograph		
Plate boundary		
Core		

Revision Task: Week 7

Due: Week 8 **date:** _____

Show your learning about economic change.

Choices:

- Summary notes
- Summary mind map
- Summary questions and answers
- Set of flash cards
